ORDERING INFORMATION

ECM offers complete kits or components.

Kits come complete with the control module, UEGO sensor, 3', 10', or 20' harness, exhaust boss and plug, and instruction manual.

To Order a Complete Kit:
Simply specify the type of control module (i.e. AFM1500, AFM1000, F/A1500, or F/A1000) and the harness length (i.e. 3', 10', or 20').

For example, an AFM1500 kit with a 10' harness is ordered as:

"AFM1500 Kit with 10' Harness"
